Dear Darcie,

Thank you so much for offering Yellow Springs Elementary Students such a fantastic After School Enrichment art program this year. We have had positive feedback from the staff members and the parents of children that participated in your program. We loved that the program was competitively priced while still allowing the PTA a benefit of your generous donation back to the PTA. Yellow Springs PTA has received over \$700 through your donation program this year just by providing this quality program to our students. In addition to your donation program your scholarship program also allowed students the opportunity to participate that typically wouldn't be financially able to participate. KidzArt has helped reach new children and inspired them to continue with their love of art. We could not be more thrilled!

I would also like to personally thank you for all of your help to get the program up and running. Your professionalism, insight, and ability to help schedule, provide the fliers, offer online sign-up, payment and handling of all of the money made this program a "must have" option for the entire school year. I have loved trying new things with you by offering the Winter Camp and we are thrilled to offer Family Art Nights next year as part of our non-fundraising PTA Programs we offer the families of YSES.

We look forward to another successful year with KidzArt next year!

Thank you again for your support!
